Subject: Draft Final Site Inspection (SI) Report for Per- and Polyfluoroalkyl Substances (PFAS) at Former Fort Devens Army Installation, Devens, MA

On behalf of the U.S. Army Corps of Engineers (USACE), New England District, and U.S. Army BRAC Environmental Office Fort Devens, the Draft Final SI Report is being submitted via electronic submittal (pdf) for commenting. The electronic version has been downloaded to the AMRDEC Safe site (for government employees) and to Accellion (for non-government employees).

The report includes revisions based on MassDEP comments (dated November 2017) and responses prepared by USACE (dated January 12, 2018) that were accepted during the BRAC Cleanup Team (BCT) comment resolution meeting (held on February 15, 2018). Additionally, the report includes revisions based on USEPA comments (dated November 28, 2018), responses (dated January 12, 2018) and based on additional USEPA comments received at the BCT meeting. Comments and responses are documented in the Draft Final SI Report (Appendix H).

The Draft Final SI report is due within 45 calendar days of receipt of this package, April 26, 2018. If you have any questions or comments, please contact Robert Simeone by phone 978-796-2205 or via email robert.j.simeone.civ@mail.mil.
